ESGIS-BENIN **ACADEMIC YEAR: 2023-2024**

Summative Evaluation: IRT2 (all groups) **Duration: 2H15** **Examiner: Dr. Edouard Koba**

PART I- DATA COMMUNICATION, NETWORKING AND DATABASE VOCABULARY

1. The combination of two or more interconnected networks is called
a) Internetwork
b) LAN
c) MAN
d) WAN

2. ISP stands for
a) International Service Provider
b) International System Provider
c) Internet Service Provider
d) Internetwork System Provider

3. National Internet Service Provider (ISP) networks are connected to one another by private switching network is called
a) Peering Points
b) Network Access Points
c) National ISP
d) None of these

4. The network that provides high-speed connectivity or transmission speed is
a) MAN
b) LAN
c) WAN
d) Internetwork

5. Which of the following network is a small, single-site network?
a) MAN
b) LAN
c) WAN
d) DSL

6. Common LAN topologies are
a) Bus and Ring
b) Mesh and Ring
c) Star
d) both a and c

7. A protocol is
a) a set of rules on how communication components and DTE'S are to communicate.
b) logical communication channels used for transmission of data.
c) physical communication channels used for transmission of data.
d) None of these.

8. The method of communication in which transmission of data takes place in both directions but in one direction at a time is
a) Simplex
b) Four-wire circuit
c) Half-duplex
d) Full duplex

9. The method of communication in which transmission of data takes place in both directions at the same time is
a) Simplex
b) Four-wire circuit
c) Half-duplex
d) Full duplex

10. The telephone network is a good example of
a) Half-duplex
b) Simplex
c) Full duplex
d) a and c

11. Keyboard and Monitor is a good example of
a) Simplex
b) Half duplex
c) Full duplex
d) a and b

12. Which mode of communication can be used when there is no need for communication in both directions at the same time.
a) Simplex
b) Half duplex
c) Full duplex
d) b and c

13. In a broad sense, a railway track is an example of
a) Simplex
b) Half duplex
c) Full duplex
d) None of these

14. A set of devices connected by communication links is called
a) Network
b) Protocol
c) Topology
d) Multilinks

15. Nodes are another name of
a) Links
b) Devices
c) Medium
d) Modes

16. A connection that provides a dedicated link between two devices is called
a) Point-to-Point
b) Multipoint
c) Topology
d) Protocol
17. A connection in which more than two specific devices share a single link is called
a) Standard
b) Multipoint
c) Channel
d) Peering points
18. The geometric arrangement of devices on the network is called
a) Topology
b) Protocols
c) Network
d) Medium
19. A topology in which every node has a dedicated point to point link to all nodes (devices) within the network is called
a) Mesh
b) Star
c) Bus
d) Ring
20. A topology that consists of a number of devices connected by point-to-point links to a central hub is called
a) Mesh
b) Bus
c) Star
d) Ring
21. A topology that consists of multiple devices connected by connectors or the main cable is called
a) Mesh
b) Ring
c) Star
d) Bus
22. A topology in which each device has a dedicated point-to-point connection with only the two devices on either side of it is called
a) Mesh
b) Ring
c) Star
d) Bus
23. Which of the following topology is multipoint?
a) Bus
b) Star
c) Ring
d) Mesh
24. The topology that covers security, robust, and eliminating the traffic factor or control is known as
a) Mesh
b) Ring
c) Bus
d) Star
25. Which of the following topology uses a central hub?
a) Star
b) Bus
c) Mesh
d) Ring
26. A communication pathway that sends data from one point to another is called
a) Node
b) Link
c) Medium
d) Topology
27. The star topology is less expensive than
a) Ring
b) Mesh
c) Bus
d) Hybrid
28. Difficult reconnection and troubleshooting (fault isolation) are disadvantages of
a) Star topology
b) Mesh topology
c) Bus topology
d) Ring topology
29. The connection of two or more topologies are called
a) Star
b) Mesh
c) Bus
d) Hybrid
30. In which topology a repeater is used?
a) Star
b) Bus
c) Ring
d) Mesh
31. What is a database?
a) Organized collection of information that cannot be accessed, updated, and managed
b) Collection of data or information without organizing
c) Organized collection of data or information that can be accessed, updated, and managed

d) Organized collection of data that cannot be updated

32. What is DBMS function?

a) DBMS is a collection of queries
b) DBMS is a high-level language
c) DBMS is a programming language
d) DBMS stores, modifies and retrieves data

33. Which type of data can be stored in the database?

a) Image oriented data
b) Text, files containing data
c) Data in the form of audio or video
d) All of the above

34. In which of the following formats data is stored in the database management system?

a) Image
b) Text
c) Table
d) Graph

35. Which of the following is not a type of database?

a) Hierarchical
b) Network
c) Distributed
d) Decentralized

36. Which of the following is not an example of DBMS?

a) MySQL
b) Microsoft Access
c) IBM DB2
d) Google

37. Which of the following is not a function of the database?

a) Managing stored data
b) Manipulating data
c) Security for stored data
d) Analysing code

38. Which of the following is a function of the DBMS?

a) Storing data
b) Providing multi-users access control
c) Data Integrity
d) All of the above

39. Which of the following is a component of the DBMS?

a) Data
b) Data Languages
c) Data Manager
d) All of the above

40. What is information about data called?

a) Hyper data
b) Tera data
c) Meta data
d) Relations

41. What does an RDBMS consist of?

a) Collection of Records
b) Collection of Keys
c) Collection of Tables
d) Collection of Fields

42. Which of the following command is correct to delete the values in the relation teaches?

a) Delete from teaches;
b) Drop from teaches where Id =’Null’;
c) Remove table teaches;
d) Drop table teaches;

43. Which of the following establishes a top-to-bottom relationship among the items?

a) Relational schema
b) Network schema
c) Hierarchical schema
d) All of the mentioned

44) A Database Management System is a type of _____software.

a. It is a type of system software
b. It is a kind of application software
c. It is a kind of general software
d. Both A and C

45. Which one of the following refers to the copies of the same data (or information) occupying the memory space at multiple places.

a. Data Repository
b. Data Inconsistency
c. Data Mining
d. Data Redundancy

46. To which of the following the term "DBA" referred?

a. Data Bank Administrator
b. Database Administrator
c. Data Business Administrator
d. None of the above

47. Which one of the following is a type of Data Manipulation Command?

a. Create
b. Alter
c. Delete
d. All of the above

48. The term "SQL" stands for
a. Standard query language
b. Sequential query language
c. Structured query language
d. Server-side query language
49. Which is the false statement:
a. A database is ordered collection of data.
b. A database is systematic compilation of records in a computer.
c. DBMS manages the database
d. Data helps in making decisions.

50. Which is the data model
a. Relational
b. Object-Relational
c. Network
d. All of these
51. Which is not the feature of database:
a. Data redundancy
b. Independence
c. Flexibility
d. Data Integrity
52. Which is the database language:
a. C
b. C++
c. SQL
d. None of these
53. Which person is responsible for overall activities for database:
a. Database designer
b. Database analyst
c. Database Administrator
e. Database manager
54. Which level of database is viewed by user:
a. Internal level
b. External Level
c. Conceptual Level
d. All of these
55. Which is the component of database management system:
a. Query Language
b. Database Manager
c. File manager
d. All of these
56. DBMS is the bridge between operating system and _____ .
a. User
b. Database administrator
c. Application program
d. None of these

57. An entity has a set of _____ that describe it.
a. Attributes
b. Entity
c. Tuples
d. Relations

58. _____ is the real world object, such as a person, place etc.
a. Attribute
b. Entity
c. Records
d. All of these
59. Which means a place where data can be stored in a structured manner:
a. CPU
b. Database
c. ALU
d. All of these
60. A database is a complex _____:
a. Data structure
b. Memory
c. Both
d. None
61. DBMS is to impose a logical and structured organization on:
a. Register
b. Data
c. Memory
d. None of these
62. Basic operation performed in DBMS are:
a. Management of data in the database
b. Management of user associated with database
c. Both A and B
d. None of A and B
63. _____ is a collection of programs performing all necessary action associated with a database:
Database associated
Database administrator
Database application
Database management system
64. _____ is a program or set of programs that interacts with the database at some point in its execution:
a. A database system
b. A database application
c. Both
d. None

65. _____ is a collection of application programs that interacts with the database along with DBMS:
a. A database system
b. A database application
c. Both
d. None

66. In which services the processes of database management and data management are complementary:
a. Database associated
b. Database administrator
c. Database application
d. Database management system

67. A DBMS provides users with the conceptual representation of:
a. Register
b. Data
c. Logical view
d. Physical view

68. Which of these keeps back-up copies of the database in a DBMS:
a. Backup
b. Recovery
c. Both
d. None

69. In which the database can be restored up to the last consistent state after the system failure:
a. Backup
b. Recovery
c. Both
c. None

70. Minimal data redundancy means improved _____
a. Data independence
b. Data consistency
c. Data integration
d. Data sharing

PART II- GRAMMAR CORNER

1 I live in Manchester but now I am ___ with my aunt in London.
a stay **b** to stay **c** staying **d** stays

2 How often ___ to the cinema?
a are you go **b** do you go
c not to sleep **d** sleeping

3 Come in! I___ .
a 'm not sleeping **c** not to sleep
b don't sleep **d** sleeping

4 He ___ spaghetti.
a not likes **b** don't like **c** doesn't like **d** isn't liking

5 Why don't we ___ a party?
a have **b** make **c** meet **d** get

6 ___ much money have you got?
a What **b** How **c** Which **d** Where

7 It was a busy day at the office but Sheila and Bruce ___ tired at all.
a was **b** wasn't **c** were **d** weren't

8 When I was young, Michael Jackson ___ my favourite pop star.
a is **b** are **c** was **d** were

9 Who___ at the café yesterday?
a you met **b** you were meeting **c** did you meet **d** to meet

10 What ___ when they arrived?
a did you **c** you did
b were you doing **d** you were doing

11 I'm wearing silver ___ today.
a earrings **b** piercing **c** belt **d** scarf

12 In my opinion, Beethoven ___ the best classical music.
a discovered **c** composed **b** invented
d led

13 Travelling on foot is ___ than going by car.
a slow **b** slower **c** more slower **d** slowly

14 I like your room very much. It's the ___ room I have ever seen.
a more tidiest **c** tidiest **b** tidier **d** most tidier

15 He looks weird. I think he's got ___ piercings.
a too much **c** not enough
b too many **d** not too many

16 Do you think we can buy this camera? - Yes, we have___ money.
a too many **c** not enough
b enough **d** too much

17 She looks great for her new job! Look at her ___ dress!
a casual **b** straight **c** dyed **d** smart

18 I ___ to be a vet when I grow up.
a planning **c** like
b would like **d** going to

19 What ___ to do in the future?
a want you **c** would like
b you planning **d** are you going

20 I can't stand ___ exams. I'm always really nervous.
a take **b** taking **c** to take **d** took

21 He learnt ___ a computer two years ago.
a use **b** using **c** to use **d** used
22 Please can you ___ the application form for this job?
a write in **b** offer in **c** earn in **d** fill in
23 There are boys and girls in my school. It is a___ school.
a compulsory **c** private
b mixed **d** single-sex
24 Don't sit in front of the TV for so long! You___ move around more!
a should **b** shouldn't **c** must **d** mustn't
25 Mark gets bad marks all the time! He___ study harder! It's very important!
a have **b** must **c** can **d** do
26 I like ___ Italian food.
a. a **b** an **c** the **d-**
27 I usually take two sandwiches and ___ orange to work.
a. a **b.** an **c** the **d-**
28 I bought three___ of chocolate yesterday and I ate them all!
a pieces **b** cartons **c** bars **d** bowls
29 I am very thirsty. Can I have___ lemonade, please?
a. a loaf of **b** a can of **c** a box of **d** a packet of
30 Children are ___ to take toys to school!
a can't **c** not allowed
b don't have to **d** shouldn't
31 You___ play computer games this evening if you clean your room first.
a should **b** must **c** have to **d** can
32 When Jake was five, he ___ allowed to stay up late.
a couldn't **b** wasn't **c** didn't**d** didn't have to
33 At primary school, we ___ play ball games at playtime.
a weren't a l lowed **c** could
b had **d** cannot
34 It's important to___ with people.
a go wrong **c** have an argument
b take notice **d** get on well
35 In your family, who___ ? I mean who is the laziest one?
a does the hovering **c** makes the most mess
b does nothing **d** makes the most phone calls
36 Next weekend, we___ to Mexico City.
a drive **c** driving
b are driving **d** to drive
37 My sister___ to our end-of-semester party tonight.
a isn't coming **c** didn't come
b doesn't come **d** wasn't coming
38 The weather will definitely change at the weekend. It ___ be sunny any more.
a can't **b** isn't **c** won't**d** shouldn't
39 Scientists believe that very soon we___ to live in space.
a can **b** might **c** will be able **d** may
40 I feel awful! I don't want to look at food! I think I've got___ .
a sunburnt **c** traffic jam
b delicious food **d** food poisoning
41 When your flight does not leave on time,___.
a your plane takes off **c** you get off the plane
b your flight is delayed **d** you check in your luggage
42 Have you___ ridden a horse?
a never **b** yet **c** just **d** ever
43 We have already___ three games.
a win **b** beat **c** won **d** beaten
44 Have you___ some body famous?
a ever meet **b** never met **c** ever met **d** never meet
45 They___ rock climbing.
a never done **c** have never done
b has never done **d** never have done
46 The player who plays against your team is ___.
a your substitute **c** your glove
b your a trainer **d** your opponent
47 The thing you use to hit the ball in table tennis is called___.
a. a rink **b** a bat **c** a net **d** a stick
48 A restaurant is a place ___ you eat food.
a that **b** who **c** which **d** where
49 A.G. Bell is the man ___ invented the telephone.
a which **b** who **c** when **d** what
50 If Stuart ___ to use his camera, he will have to put in some batteries first.
a want **b** wants **c** will want **d** is wanting
